

**Seller's Property Disclosure Statement**

Property address: 1040 Cider Press Rd. Chambersburg PA

Seller: Allen Stone

A seller must disclose to a buyer all known material defects about property being sold that are not readily observable. This disclosure statement is designed to assist the seller in complying with disclosure requirements and to assist the buyer in evaluating the property being considered.

This statement discloses the seller's knowledge of the condition of the property as of the date signed by the seller and is not a substitute for any inspections or warranties that the buyer may wish to obtain. This statement is not a warranty of any kind by the seller or a warranty or representation by any listing real estate broker, any selling real estate broker or their agents. The buyer is encouraged to address concerns about the condition of the property that may not be included in this statement. This statement does not relieve the seller of the obligation to disclose a material defect that may not be addressed on this form.

A material defect is a problem with the property or any portion of it that would have a significant adverse impact on the value of the residential real property or that involves an unreasonable risk to people on the land. The fact that a structural element, system or subsystem is near, at or beyond the end of its normal useful life is not by itself a material defect.
